1. In retrospect, what could you have done better to reduce the time you spent solving this assignment?

I could have had a better understanding of generics.

2. What could the Principles of Software staff have done better to improve your learning experience in this assignment?

I wish I knew the specified output of `listChildren` and whether or not it was okay for it to be a `String`.

3. What do you know now that you wish you had known before beginning the assignment?

That making copies of `HashMaps` is hard.
